DETERMINANTS AND CONSEQUENCE OF KOREAN IMMIGRATION TO THE UNITES STATES. Citation: American Journal of Economics and Sociology 2005 64(2): 609-636. ISSN: 0002-9246 Fulltext: [SwetsWise Ingenta Ebsco] Abstract: Despite strong theoretical arguments and models about international migration, very few empirical studies have rigorously tested these arguments and models. The article analyzes determinants and consequences for international migration, focusing particularly on the returns to post-hoc international migration, It compares the residential well-being of Korean international migration. The Colonization of America The Northern Colonies **Early Settlements**

The first two settled jurisdictions in New England were Plymouth and the Massachusetts Bay Colony. Plymouth was settled in 1620 by the Separatist refugees, or Pilgrims, of the Mayflower, and Massachusetts Bay by non-Separatists who arrived in 1630 under the leadership of John Winthrop.

Under the leadership of William Brewster, William Bradford, Miles Standish and others, the Pilgrims had sought refuge in the Netherlands from James I's threats against religious dissenters. Wanting a land of their own where they could preserve their English way of life without subscribing to the Anglican Church, the group of exiles sailed for Northern Virginia in 1620. Helped by some friendly natives, the settlers immediately began building shelter at the place John Smith had early named Plymouth.

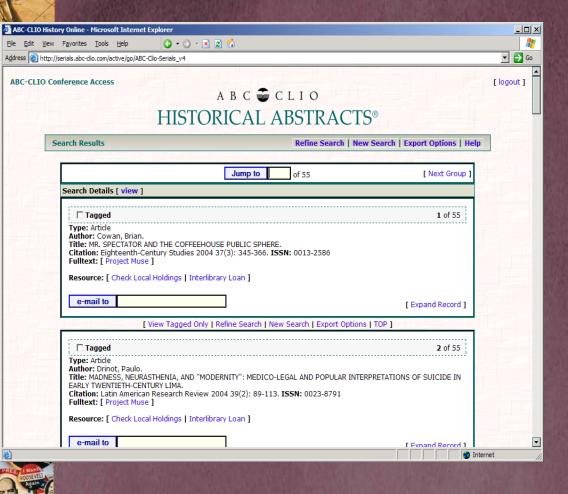

In 1630, a much larger contingent of dissenters
